

Fire and EMS Department
Fire & EMS Department
107 Station
Phone (non-emergency) 658-8900

In January 1952 a young couple's home burned to the ground as they watch helplessly. Within one week a group of twenty-three men organized a Volunteer Fire Department (VFD) in Converse. With \$2,500 pledged from business, they were able to remodel a 1946 Dodge truck into a fire truck. To house the new fire truck, men of the VFD built a fire station, requiring 5200 man-hours of labor and \$1600.

From this small beginning, the Department has grown to nine paid Fire/EMS personnel. All are cross-certified to work in both capacities. To maintain a Volunteer Fire Department, the law requires at least fifteen volunteers, but the number fluctuates up to twenty-five. Most are cross-trained in both Fire & EMS. Volunteers, who come to Converse untrained, are soon trained in both Fire and EMS.

The Converse Fire and EMS are more than adequately equipped. They have three major class-A pumpers, three ambulances, one rescue vehicle, and one brush truck.

As well as Fire and EMS training, the Department maintains their own Instructor Certification for all classes. This enables them to keep all their personnel well trained. The volunteers are trained in many specialties including: Swift water rescue Search and recovery Diving Arson investigation High angle rescue Confined space (including cave-ins and tunnels) Hazardous material

Converse Fire Department/EMS is a well-equipped force, with a notable rapid response time.

Department of Public Works

9239 Converse Business Lane

Phone: 658-3453

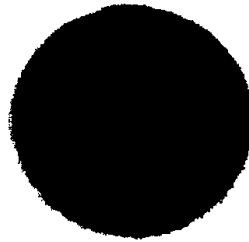

Welcome to the Public Works Section of the City of Converse Home Page. The Department consists of 32 employees who construct and maintain the city streets, parks, and water/wastewater systems. Our goal is to provide our Converse customers with responsive, courteous and professional services. To report any complaints, concerns, or just to check on upcoming projects, call us at 658-3453 during our regular office hours of 8:00 AM to 5:00 PM Monday through Friday.

**Streets and Parks Department**

The Street Department conducts general repairs to city streets and sidewalks, and provides the labor force for all city projects. We maintain two street repair crews and an equipment crew that operates heavy construction equipment such as dump trucks, backhoes, loaders, and bulldozers as well as sweeping of city streets and mowing of public right of ways and parks. Repair projects are prioritized and presented monthly to a citizens street council, which meets on the fourth Friday of the month at 7:00 PM at the City Council Chambers. Interested citizens are always welcomed to attend these meetings to express concerns or receive the current status of scheduled repair activities. The Parks Department has two full time employees who conduct daily cleaning and repair of the two city parks. The City Parks and Recreation Committee meets on the second Monday of each month. Interested citizens are encouraged to attend. Call 658-1965/3456 for more information.

Street Sweeping Schedule**FY 2000 Street Repair List by Commissioner****By Commission Area****As of: 19 Nov 99****Water/Wastewater Department**

Public drinking water is provided from four deep wells located within the city. Last year we pumped over 520 million gallons to meet our customer needs. Our department has consistently met or exceeded the highest standards set by the Texas Department of Health, and we are very proud of our State designated "Superior" water system. The city has recently began to add fluoride to the water. This and chlorine disinfectant are the only two additives to the naturally pure aquifer water produced by the city. To start, stop, or transfer water service, go to the City Hall or call 658-1965 between the hours of 8:00 AM to 5:00 PM Monday through Friday. Weekends and holiday emergencies can be reported to Live Oak Dispatch at 653-0033. The city contracts with the San Antonio River Authority to treat wastewater. The department has repair crews that provide around the clock response to problems with water or wastewater lines maintained by the city. Major projects this summer include upgrading of lines along South Seguin and Hilltop Streets, construction of drainage systems on Janice Street, and completion of water systems in the Lake Aire Subdivision.

MUNICIPAL COURT

JUVENILE COURT - 5:00 PM
1st and 3rd Wednesday each month

ADULT COURT - 5:00 PM
2nd and 4th Wednesday each month

Converse Animal Control
Phone: 658-2322

Converse City Ordinance 717 contains the provisions, requirements and responsibilities for owning and/or treating domestic animals (dogs and cats) within the limits of the City of Converse.

The Converse Animal Control Facility at 205 Gibbs Sprawl Road will be open April 1, 2000. The City of Converse is seeking Volunteers to assist with the adoption of animals that are brought into the Converse Animal Control Facility. Interested persons may contact Converse City Hall at 658-5356 or the Police Department at 658-2322 for more information

After the facility is opened, the animals that will be available for adoption will be listed on this site.

Zoning Commission
meets the third Monday of the month.

Dear Citizens of Converse:

The purpose of this letter is to explain why Converse needs a small tax increase, and how the City is going to use this money to save the homeowner and taxpayer about three times the amount of the tax increase.

The City Council is considering raising property taxes by \$.05 per \$100 assessed property value for the coming fiscal year. The tax rate will likely go from \$.51 per \$100 assessed property value to \$.56 per \$100 assessed property value. That is a 9.8 percent increase.

Please allow me to present some facts and information to help you understand the City's situation. I will start with an overview of the current tax bill and the municipal services provided with the property tax money collected.

The chart below is based on the average homeowner in Converse. The average Converse home assessed value is \$69,800. The City allows a \$5,000 Homestead tax exemption, so the owner actually pays property taxes at the rate of \$.51 per \$100 on \$64,800. The average Converse homeowner pays \$330.48 per year in property tax to the City. Most pay this tax amount through the mortgage payment, so the practical impact is \$27.54 of the monthly house payments goes to the City to finance the services the City provides to every taxpayer.

The Chart below provides a breakdown of how property taxes were distributed this year. For example, the average homeowner pays \$6.06 per month for the Police protection provided. Not a bad deal considering the police drive by every house in the City an average of 20 times per week. The numbers on the right of the Chart depict the actual cost of providing the various services each month. Every Converse homeowner pays only 42 percent of the cost of the services received. The rest of the bill is paid from sales tax, franchise tax, alcohol tax, court fines, and user fees.

Compare the bill for City services to your other service bills -- cable TV, telephone, electric, gas, long distance, cell phone -- and consider who is providing you the most for the money.

So, why do we need to raise taxes? Believe it or not — to save every homeowner money. The tax increase will raise the amount of monthly property tax payment going the City by \$2.70 per month; however, your overall house payment will drop on the average of \$5.30 per month.

Here is how it works.

We use the \$140,000 from the tax increase to improve the Fire Department and get a better insurance rating, and as a result of the better rating the cost of your home owners insurance decreases by about three times as much as the tax increase.

Our current Insurance Service Office (ISO) fire protection rating for the City is a 6. That rating is based on a minimum of two people per shift 24 hours per day, seven days per week. Adding four people to the Fire Department with some additional equipment allows a minimum of three people per shift 24 hours per day, seven days per week and qualifies the City for the ISO rating to be changed from a 6 to a 4.

According to the State Fire Office, the home insurance rates are \$.08 less per \$100 of insured property for an ISO rating of 4 compared to ISO rating of 6. The Chart below shows the net effect of a \$.05 tax increase and the \$.08 insurance decrease created from the improvements bought by the \$.05 tax increase.

The typical situation looks like this. You ask the friendly Realtor to help you buy the average house in Converse. The Realtor will likely tell you the asking price is around \$79,500, but you can probably buy it for five percent less. So you make an offer, do some negotiating, and buy the house for \$75,500. Two months later Bexar Appraisal District sends you notice that your average house is

appraised at \$69,800 and that you may qualify for a Homestead exemption by filing the enclosed paperwork. You feel a little cheated on the price you paid for the home, but thankful you are getting a break on the amount of taxes you have to pay. You send in the Homestead exemption paperwork and two months later you are notified that you will pay taxes only on \$64,800 now that you have the \$5,000 Homestead exemption. Meanwhile, the insurance company sends you notice that the replacement value of your home is \$95,000 and that you probably have around \$25,000 in furniture and other belongings. So you need insurance on \$120,000 worth of property.

The numbers for your particular house may be slightly different, but the overall situation is generally the same. You have to pay more for the house than it is appraised on the tax roles, and you have to insure it for substantially more than you paid for it.

Now, the chart reflects the end result of investing a \$.05 increase in tax to reduce the insurance rate by \$.08.

TAX VS INSURANCE

<u>Asking Price</u>	<u>Value Appraised</u>	<u>Insured Value</u>
\$79,500	\$69,800	\$95,000
<u>-\$4,000</u>	<u>-\$5,000</u>	<u>+\$25,000</u>
\$75,500	\$64,800	\$120,000
	@+.05	@-.08
	+\$32.60	-\$96.00

\$63.60 Disposable Income
House Payment goes down \$5.30 per month

The end result is that every taxpayer out-of-pocket expenses are reduced by \$63.60 per year. If you are like most of us and pay property taxes and insurance as part of the monthly mortgage payment, your monthly payment goes down by \$5.30 per month.

The next chart shows an overview of next year's taxes and services which will be paid by the \$.05 increase in the tax rate.

In the final analysis, the \$.05 increase in property tax cost the average home owner \$2.70 per month and will put \$140,000 in the hands of the City. We take the \$140,000, buy about \$28,000 in fire fighting equipment, and pay the salaries and benefits for four firefighters with the rest. The ISO rating then drops from a 6 to a 4 (The actual effective date is November 1, 2000). Your insurance cost drops \$96 per year for the average house—that means \$8.00 less per month. Net reduction in house payment -- \$5.30.

Besides that, 14 fire/EMS personnel provide better emergency response to all citizens of Converse than 10 personnel. With 10 people, your emergency service is good, if they are not already working an emergency. With 14 people, your emergency service is still good on the second back-to-back 9-1-1 call.

Please consider this proposal and think this through before you conclude that all tax increases are unwarranted.

We encourage and solicit your comments. Please contact your city council representative, the city manager or myself and share your comments or suggestions.

Sincerely,

Craig Martin
Mayor, City of Converse

In 1988, the Converse Lions Club came up with the idea for a community library and presented a resolution to the City Council. Upon the passage of this resolution, the Lions' Club, the Converse Grange, and a host of volunteers combined their efforts to make the library a reality. On September 1, 1991, the Converse Area Public Library officially opened its doors and in 1993 was accredited by the Texas State Library System. The Converse Library currently has over 9,000 fiction & nonfiction books; a reference area; a variety of audio books, periodicals, and videos are also available to the public.

Some of the services currently offered to the public are internet computer access; a fax machine; a copier; and a meeting area for local community groups. A story hour is also offered for pre-school children year-round and a Summer Reading Program for school age children during the summer months. Want a book not in our library? Materials not available can be obtained through inter-library loan programs. Two recent grants awarded to the Converse Library in 1997 and 1998 are bringing additional books & videos to its patrons. Everyone is invited to take advantage of the services and materials available at the library.

DISTRICT ADMINISTRATION

Dr. Michael Zolkoski, Superintendent

Luis Rodriguez, Associate Superintendent for Administrative Services

Charlie Neumeyer, Associate Superintendent for Instructional Services

John H. Owens, Associate Superintendent for Business Service

Sue Sansom, Associate Superintendent for Personnel Services

THE DISTRICT

Created by voters Dec. 10, 1966, the Judson Independent School District is the youngest independent school system in Bexar County. Prior to an election by residents of Kirby, Converse, Selma, Live Oak and Universal City, Judson was rural school district. It has since evolved from a small system with 432 student vibrant and modern educational organization with nearly 16,000 students today JISD encompasses 55.87 square miles and serves the incorporated cities of Converse, Kirby, and Selma as well as portions of Live Oak, Universal City, San Antonio, and Schertz. The Judson Independent School District is the fourth largest school district in Bexar County. The district is fully accredited by the Texas Education Agency.
